

"SOAP" STUDIES

Luke 9:24

This devotional is designed to help students learn how to study the Bible in an intentional and applicable way. Use this method to study this month's passage.

S Scripture: Find the given chapter and verses, then read the passage of scripture a few times over.

O Observation: Explain what was observed solely from the passage of scripture. In other words, what is happening in this passage?

A Application: Based on your observation of the scripture, how can you apply this passage to your life? How might others apply this scripture to their lives? What principles can be derived from this passage?

P Prayer: Based on the scripture, observation, and application, develop a specific prayer and spend some time praying.
