

Sunday In-Person Gathering Protocols

Revised June 25, 2021

What You Need to Know

Grace leadership has had numerous discussions and decided to lift the mandated mask protocol at Grace. That said, out of deep respect for those choosing to remain unvaccinated and/or to wear a mask, we will continue offering mask required entrances and seating. Please read through the entire outline below.

Mask Mandate Lifted

We have lifted the mask requirement at Sunday Gatherings **unless** you are in the areas listed below. We have also opened up seating in the sanctuary on the main floor and on the wing/riser/balcony that is stage right.

Mask required areas continue to be provided out of respect to those choosing to wear a mask.

Mask Required Areas

- Entering through the Chapel Entrance (closest to Moross)
- Seated in the wing/riser/balcony section that is stage left

We will continue to assess the situation and communicate any updates to our protocols.
